AGENDA ITEM II – PUBLIC COMMENTS

Chairman Hudgins stated that the Public Comments session is open. Any person who wishes to speak, may now speak as directed by Ms. Tawan Fields. The following persons made comments during the Public Comments:

Ajax Wooley: Following an anonymous letter that was read to the Board in the March meeting, Tawan Fields reached out in April to follow up on the issue. A couple of good conversations and a conference call with the resident was held. Ms. Fields efforts in this regard is appreciated. Unfortunately, the resident’s issues are ongoing and quite acute. An appeal is being made to the board to consider whether sensitive attention is taken place with the resident. Ms. Fields response is acknowledged but the resident’s concerns may be more than what one person can accomplish.

Chairman Hudgins thanked Mr. Wooley for his comments and stated that there would be further follow-up. There were no other Public Comments.

AGENDA ITEM IV -- CHANGES TO THE AGENDA

➢ Chairman Hudgins stated that an additional Resolution regarding the 2021 Budget was being added to the Agenda.

AGENDA ITEM V – BOARD ACTION

Approval of the Minutes of the Board of Commissioners’ Regular Meeting held on April 28, 2021. Motion to approve the minutes.

Motion: Commissioner Webb-Bledsoe; Seconded: Commissioner Westfall
Approved: Unanimously

AGENDA ITEM VI – CEO BUSINESS REPORT

Mr. Scott presented his Business Report to the Board for review. His report gave a synopsis of meetings and activities that he had participated in during the month of March. He attended numerous virtual meetings and conference calls with the residents, city, county, HUD, DDNP developers and consultants and other housing authority organizations on various issues throughout the month.

In addition to the printed report, Mr. Scott also gave the following updates:

Internet Services: The partnership with DHA, the city, and Duke for Wi-Fi for our family properties is moving forward. The installation work at McDougald Terrace is completed. The next area will be T.A. Grady which is key for our Jobs Plus Program and other programs that are located there. The next property will be Oxford Manor followed by the other family sites. We have asked the city to look at providing this service to all of DHA’s sites, but currently there isn’t any funding available. With the newest proposed funding from the federal government, there may be funding that will allow expansion to all sites including our senior sites. DHA is very excited and grateful for the partnership with the city and Duke to be able to do this.
Emergency Rental Assistance Program – This program was opened by the county two weeks ago. DHA is completing the assembly of the rental assistance team. Three Housing Stability Specialists have been hired. There will be additional staff added that will be available to help with all the processing that is necessary. Information has been posted on the DHA website and notices will be sent out in rent statements encouraging residents to apply to the program.

Work Orders – Procurement process for additional contractors has been completed. There was only one licensed general contractor. Determination is being made as to how the other contractors may be used in some sort of limited capacity to assist in addressing the work order backlog. This will allow for work to begin with at least the one licensed general contractor. Efforts will continue to get other licensed contractors to qualify as well.

COVID-19 – Work is continuing with health partners, particularly the health department to get as many vaccinations at our sites as possible to make sure that all residents who are interested in being vaccinated can do so. Testing is still happening at three sites. Therefore, with these two initiatives going on at the sites, it will encourage residents to get vaccinated and to get tested if they feel the need to do so.

Emergency Vouchers – DHA applied for and awarded 68 Emergency Vouchers for those that are experiencing homelessness. It has been officially accepted and was acknowledged so by HUD.

Meeting with Congressman Price – Meeting was held with Congressman Price to discuss the status of programs and activities that are happening at DHA and providing him with a similar update as this verbal report. These conversations will continue going forward.

Forever Home, Durham – There is a new website being launched by the city called “Forever Home Durham”. This website will be the source of all information related to the City’s $160 million-dollar Affordable Housing Plan. The plan includes the $95 million for the Housing Bond that was passed in 2019. This site will be a “one stop shop” for all information related to what the city is doing around affordable housing, including DHA sites that will receive funding from the bond. The website will cover a variety of things from home ownership, to other rental housing, to homelessness services that are being covered under the city’s five-year Plan. Notification of the launch of the website will be sent to the Board once it occurs.

Affordable Housing Implementation Committee - There is an established Affordable Housing Implementation Committee, which is a citizen-based committee that was appointed by the mayor. It is the oversight arm of the Housing Bond. DHA has had several presentations at these meetings informing them as to what is being done with respect to affordable housing repositioning that is associated with the bond financing. Updates are being given at their monthly meeting. These meetings are publicly held.

As part of the President’s report, Ashanti Brown, Director of Strategic Management, gave a report on the Agency’s Rent Collection Policies and Procedures. The presentation reviewed:

- Policies vs. Procedures
HUD’S Stance on Rent (The Housing Act of 1937 as Amended and Other HUD Guidance)

- DHA Rent Collection Related Policies
  - Payments Under the Lease (ACOP Chapter 8)
  - Lease Termination Notices (ACOP Chapter 14)
  - Alternatives to Lease Termination/Repayment Agreements (ACOP Chapter 14)

HUD’s Position on Rent

The 1937 Housing Act as Amended (U.S. Code Title 42 § 1437a(1)-(3), PIH Notice 2021-14
Per Housing Act and recent HUD Guidance

• It says a family **shall** pay their rent portion (based on the calculation, and their selection of flat or income-based rent), and that the public housing agency **shall** require the payment.

• “….tenants have a statutory obligation to pay their share of the rent under the Act’s assisted programs.”

• And for COVID-19: “It is important to note that, for the Public Housing and HCV programs, HUD has not provided waiver authority that would allow tenants to stop paying their portion of the rent”
DHA’s Rent Collection Related Policies

Public Housing ACOP Chapters 8, 14, and 16

These are policies that apply outside of COVID-19 timeframes
Payments Under the Lease
ACOP Chapter 8 Section 8-I.F

• The tenant rent is due and payable on the first of every month, or on the first business day thereafter.
• When payment in full is not received, a fourteen-day Notice of Termination shall be mailed to the Tenant on the sixth day of the month, or such later date as may be applicable because of holidays or weekends. Notices will be by first class mail, or by hand delivery to the tenant’s address who is delinquent with their payment.
Late Fees and Nonpayment
ACOP Chapter 8 Section 8-I.F Cont’d.

• If the family fails to pay their rent by the fifth (5th) day of the month, and DHA has not agreed to accept payment at a later date, a 14 day Notice to Vacate will be issued to the resident for failure to pay rent, demanding payment in full or the surrender of the premises.

• DHA will not accept personal checks after a 14-day late notice is issued.

• Residents who pay rent late, after the fifth (5th) of the month, four times within a twelve (12) month period shall be considered habitually late and shall be subject to termination of the lease.
Late Fees and Nonpayment
ACOP Chapter 8 Section 8-I.F Cont’d.

• In addition, if the resident fails to make payment by the end of office hours on the fifth (5th) day of the month, a late fee of $15.00 will be charged.

• Notices of late fees will be in accordance with requirements regarding notices of adverse action.
  • Charges are due and payable 14 calendar days after billing.
  • The family can request a grievance hearing within the required timeframe, DHA will not take action for nonpayment until the conclusion of the grievance process.
  • If the resident can document financial hardship, the late fee may be waived on a case-by-case basis.
Lease Termination-Other Serious or Repeated Violations of Material Terms of the Lease

ACOP Chapter 14 (Pg. 14-9)

• HUD regulations require certain tenant obligations be incorporated into the lease. Violations of such regulatory obligations are considered to be serious or repeated violations, and grounds for termination.

• DHA will terminate the lease for the following violations of tenant obligations under the lease:
  • Failure to make payments due under the lease,
  • Two (2) occurrences of failure by the Resident to pay rent when due within a 12 month period, which results in DHA filing court papers, is a material violation of the Lease. DHA shall have the right to terminate the Lease for nonpayment and take possession of the unit; the Resident shall have forfeited the opportunity to tender the rent and maintain possession of the unit pursuant to state law.
Alternatives to Termination of Tenancy
Repayment of Family Debts
ACOP Chapter 14 Section 14-III.D.

Repayment of Family Debts
• If a family owes amounts to DHA, as a condition of continued occupancy, DHA will require the family to repay the full amount or to enter into a repayment agreement.

Additional Policies related to Repayment Agreements to can be found in Chapter 16 of the ACOP.
Eviction notice means a notice to vacate, or a complaint or other initial pleading used under state or local law to commence an eviction action. DHA may only evict the tenant from the unit by instituting a court action.

• When a family does not vacate the unit after receipt of a termination notice, by the deadline given in the notice, DHA will follow state and local landlord-tenant law in filing an eviction action with the local court that has jurisdiction in such cases.

• If the eviction action is finalized in court and the family remains in occupancy beyond the deadline to vacate given by the court, DHA will seek the assistance of the court to remove the family from the premises as per state and local law.

DHA may not proceed with an eviction action if DHA has not made available the documents to be used in the case against the family, and has not afforded the family the opportunity to examine and copy such documents in accordance with the provisions of 24 CFR 966.4(l)(3) and (m).

Jane Doe
1212 ABC Lane
Durham, NC 27701

TENANT IN POSSESSION

YOU ARE HEREBY NOTIFIED that the Durham Housing Authority (DHA) finds you have violated the terms of your lease and seeks to terminate your lease of the above described premises due to failure to pay rent. This notice is given pursuant to Section 3 of the lease, because you have violated the terms set forth in the lease, in that:

SECTION 3: You have failed to pay your total rent balance of $188.00, which was not received by August 5, 2019, and is now past due.

An eviction for non-payment of rent will be initiated by the Housing Authority in order to obtain possession of the apartment if rent is not paid in full within 14 days from the date of this Notice. All other charges including late fees will be charged to your account accordingly.

Please contact your manager immediately for further assistance.

You have the right to request a grievance hearing if, and only if you first deposit the amount above into an account with DHA to be held in escrow (unless you are a minimum rent tenant and a hardship exemption applies). Failure to request a grievance and deposit the unpaid amount within ten days will result in a waiver of your right to a grievance hearing.

Sincerely,
Property Manager

(PLEASE SEE OTHER SIDE OF THIS NOTICE FOR HELPFUL INFORMATION)
What to do once I have received a late notice

This notice is to provide helpful information on what to do if you have received a 14 Day Late Notice. Our goal is to provide as much information to our residents to assist you in making your rental payment prior to the end of the 14-day period stated on the Late Notice. If payment is not received in time our property management staff will file an eviction for nonpayment of rent. Currently, the court filing fee is $126.00. You will owe this in addition to your unpaid rent. This filing will impact your credit score and show as an eviction whether or not you are evicted, which may make it harder for you to rent in the future.

Please see below for helpful advice to assist you during this time:

1. **Contact your Property Manager**
   - As soon as you receive a late notice you should contact your property manager.
   - If you believe there is an error in the amount owed on your Late Notice
   - If you have already paid your rent

2. **Contact DHA Resident Services for possible rental payment resources**
   - (919) 683-1551 ext. 7428

3. **Contact the Department of Social Services – Crisis Services**
   - 414 E Main St. Durham, NC 27701
   - 2nd Floor – Crisis Services
   - 919-560-8000
   - This agency may be able to assist families once qualified.

As soon as you receive a late notice, you should communicate with the property management team. Qualifying for a rental hardship or getting assistance from Crisis Services may take time and the 14-day period on your late notice is running.
7. Prior to the expiration of the 14-Day Notice, if rent has not been paid in full, Property Management sends a follow-up letter with:

a) An update on the current balance and requests they come into the management office.
b) A warning that rent is not paid by the expiration of the notice court papers will be issued and the date they will be issued, as well as a warning about the additional court filing fee.
c) An invitation to come discuss a repayment agreement.

8. By the 28th day of the month accounts that have not been paid in full, not under a repayment agreement, or known to have appropriate documentation of impending rental assistance from a 3rd party for the account are filed in court. Property Management prepares the Complaint in Summary Ejectment and Magistrate Summons and files them in court.

a) The resident receives a copy in the mail.
b) The sheriff also delivers one.

*Summary Ejectment court dates for DHA are generally scheduled for the middle of the next month.*
Dear Sir or Madam,

According to our records, you have a remaining balance of $151.00 due on your account.

Eviction proceedings will commence on June 24, 2019 to terminate your lease and your account will be charged an additional $126.00.

To avoid lease termination and additional charges, please submit the total amount due by Friday, June 21, 2019.

Please remember that Section 3 of your lease states: **MONTHLY RENT.** The monthly rent shall be due and payable on or before the first day of each month at the central office or a financial institution identified by DHA, and is past due after the fifth (5th) day of the month. A late fee will be assessed to the Resident if rent has not been paid by the fifth (5th) day of the month. Residents who pay rent late, after the 5th of the month, four times within a twelve (12) month period shall be considered habitually late and shall be subject to termination of the lease. The amount of monthly rent is subject to change in accordance with HUD Regulations.

Section 11A.24 of your lease states that receiving court papers twice within a twelve month period is a violation of the lease and DHA shall have the right to terminate the lease for nonpayment and take possession of the unit; the Resident shall have forfeited the opportunity to tender the rent and maintain possession of the unit pursuant to state law.

If you are experiencing an extenuating circumstance(s), you may be eligible for a repayment agreement.

It is mandatory that you come into the office by Friday, June 21, 2019 to discuss your account.

Regards,

Felicia Markham

• A hearing is then scheduled 10 days later where the tenant explains their situation to housing authority staff. The agency makes a decision 10 days. If the agency still decides to evict, the process can repeat itself before a case is filed. Essentially, the tenant can appeal again, with different staff hearing the appeal, potentially postponing a possible eviction filing to 25 days later.

• Depending on the circumstance, Cheshire said, it is possible that the whole process can last up to 90 days before an eviction is filed after nonpayment.

• “It’s imperative that you have some sort of informal procedure in place to allow the residents to raise questions or concerns before you just blindly file an eviction action,” Cheshire said.

• “days after that, an overall period of about 45 days after rent is due”.
Housing Authority of Winston-Salem (HAWS) Discussion

• HAWS does not have a policy stating they:
  • will not file any court action until after 90 days
  • At 30 days of non-payment they will meet with the resident
  • At 60 days they will schedule a rent conference to develop a promissory agreement
  • Requiring communication, other than letters from the property manager, regarding nonpayment of rent.

• HAWS does have:
  • the regulatory required minimum rent hardship exemption policy allowing 90 days before an eviction filing
  • Record of a media interview that may have caused confusion.
    • During that interview it was explained that if a person availed themselves of all the opportunities afforded to them (days in the process, grievances, appeals, and etc.) they could delay eviction for an estimated 90 days.

Housing Stability Specialists and Repayment Agreements

• With the addition of the Housing Stability Specialist Team, DHA will incorporate more direct outreach to families with arrears prior to filing.

• Repayment Agreements will provide a family with as long as they need to pay and help arrange payments to help the family get back on track as opposed to having large rent balances at the end of a waiting period.
COVID-19 Rent Collection Procedure

• As a result of COVID-19, DHA has not filed any families for non-payment. DHA is preventing the *eviction tsunami* and committed to working with as many families who will work with us before June 30, 2021.
  • DHA has always said it is committed to working with families impacted by COVID-19 that have balances. These are the commitments in place since the Fall of 2020:
    • Conducting direct outreach first using property staff until the hiring of Housing Stability Specialist team;
    • Determining families who require rent decreases that may not have notified property management;
    • Offering long-term minimum rent hardship exemptions;
    • Entering into repayment agreements without the requirement for down payments or time limits; and,
    • Now, helping to apply for Emergency Rental Assistance and waiving some charges other than rent.
Room for Improvement

• Communications and Outreach (for during and after COVID-19)
  • More clarity on our website, and in the hands of our residents
  • Better use of social media
  • DHA’s Alert System
  • Housing Stability Specialist Direct Outreach

• Tenancy Supports
  • Housing Stability Specialists can provide connections to supportive services, and additional resources available at DHA, or through partners.
  • Resident training on creating a workable budget, prioritizing housing needs, understanding their lease, and communicating effectively with property management.

• Potential changes to policies and/or procedures informed by residents and community partners to come before the Board by September, 2021.
Overview of DHA’s Rent Collection Process

1. By the 21st of each month the Finance Department sends auto-generated rent statements to every DHA resident with a balance due via first-class mail. The rent statement also includes a postage paid return envelope addressed to DHA’s Lockbox Account.

2. Tenant rent is due and payable on or before the 1st day of each month. Rent can be paid via ACH, mail to DHA’s Lockbox Account, at 8 designated stores throughout Durham, or online.

3. After the 5th day of the month rent is past due and a late fee will be assessed.

4. The next business day after the 5th day of the month the Finance Department auto-generates fees for delinquent accounts and provides the listing to Property Management.

5. Property Management sends a listing back to the Finance Department indicating whose late fees to remove.

6. After late fees have been posted, Late Notices (i.e. the 14 Day Late Notice Terminating Tenancy) are auto-generated for all delinquent accounts. Property Management reviews the 14-Day notices, removing notices of residents that have paid, who have documented arrangements/agreements, etc. prior to mailing. In addition to the notices required language the notice tells the resident:
   a. to contact the property manager for further assistance.
   b. that they have the right to request a grievance hearing within ten days of the notice.
   c. informs them if the notice is filed it will appear on their credit report.
   d. Gives the number to Resident Services for possible rent assistance resources
   e. Provides the number to the Department of Social Services-Crisis Services

7. Prior to the expiration of the 14-Day Notice, if rent has not been paid in full, Property Management sends a follow-up letter with:
   a. An update on the current balance and requests they come into the management office.
   b. A warning that rent is not paid by the expiration of the notice court papers will be issued and the date they will be issued, as well as a warning about the additional court filing fee.
   c. An invitation to come discuss a repayment agreement.

8. By the 28th day of the month accounts that have not been paid in full, that are not under a repayment agreement, or known to have appropriate documentation of impending rental assistance from a 3rd party for the account are filed in court. Property Management prepares the Complaint in Summary Ejectment and Magistrate Summons and files them in court.
   a. The resident receives a copy in the mail.
   b. The sheriff also delivers one.

Summary Ejectment court dates for DHA are generally scheduled the middle of the next month.

APPROVAL OF APRIL COMMITTEE MEETING MINUTES
The meeting minutes were approved.

PRESENTATIONS:

Laurel Street Quarterly Update
There was a discussion regarding the increased cost of building materials during the pandemic which has led to increased construction cost. This has also created a challenge in getting contractors to hold their pricing. Additionally, there has been an increase in interest rates as well. The increased construction costs and increased interest rates have created a financing gap. The developer is currently working on strategies to address these challenges.
RAD UPDATES

JJ Henderson Rehab
The asbestos remediation work has been completed in the auditorium. All residents in the first phase have been relocated. The MBWE goal of 30% was almost achieved on the work that has been completed.

JJ Henderson Seniors New Construction
The closing package has been submitted to RAD for approval with a targeted closing date in July. Additionally, a groundbreaking ceremony is being planned.

Elizabeth Street
All residents residing in the eight buildings have been relocated. Asbestos remediation will begin within a couple of weeks followed by demolition. This project has a funding gap due to increased interest and construction costs. The developer is working with DHA and the City to obtain additional financing to close the gap which is anticipated to be on the City Council agenda for the June meeting. A July closing date is targeted.

Commerce Street Family and Seniors
The 9% preliminary tax credit application submitted in January was pulled due to the increased construction costs. A larger 4% preliminary tax credit application will be submitted instead for each site during the summer; and a full application will be submitted in January 2022. While two applications will be submitted for each project, they will be combined as one transaction. The targeted closing and construction start date is October 2022. While the financing structure is changing, the number and types of units will remain the same. Additionally, this will allow for more units at 30% of the Area Median Income (AMI) and fewer units at 80% AMI and market rate. Additionally, the pros and cons of changing the deal were discussed. The developer will develop and provide written information to DHA regarding the advantages and rationale regarding the change.

300 East Main Street
This project is being completed in conjunction with Durham County. Construction has started on the parking deck. The developer is waiting for the 42M letter from the North Carolina Housing Finance Agency and anticipates receiving it in June with a tentative closing during the fourth quarter of this year.

500 East Main Street
This project is in conjunction with the county as well. The Master Development Agreement (MDA) is being finalized. If the MDA is approved, a preliminary tax credit application will be submitted in August with the full application being submitted in November with a possible closing in March 2023.

Laurel Oaks
Renovations have been completed; and the agency is moving forward with closing out the project. Some of the Liberty Street residents were moved to the site. Additionally, lease up for the remaining apartments is ongoing.
Willard Street
All Liberty Street residents who were following their Transfer of Assistance have been moved to Willard Street. A survey is being developed to obtain feedback from residents regarding their relocation experience and to assist with transitioning to their new home. The survey will be administered by a third party. There was a suggestion to make the surveys available at resident meetings as well. Mr. Snell will arrange for the Board to tour Willard Street.

HOPE VI
Eight houses have been completed and sixteen are currently under construction.

RESOLUTIONS

Resolution Approving Contract Award to PlumbV Inc. for the Sanitary Line Replacement at Morreene Road Apartments (DVI)
This resolution involves the replacement of sanitary lines at Morreene Road at a cost of $1,900,000. The work will be completed in three phases and should take about a year to complete. Phase I will include repair of the vacant units which must be occupied by December 31, 2021. Residents in Phases two and three will be relocated to vacant onsite units. The remaining units will be occupied by new residents. The Development Committee approved for the resolution to be presented at the Board meeting for final approval.

Resolution Authorizing Morreene Road LLC to Enter into a Loan with the City of Durham for $2,300,000 for the Sanitary Line Replacement at Morreene Road (DVI)
There was a brief discussion regarding where funds would come from to repay the loan and what would happen if the agency cannot make the payments. Mr. Snell stated that funds to repay the loan will come from property tax funds which the agency is not required to pay. If the agency is unable to make payments, they will accrue and be added to the end of the project. The Development Committee approved for the resolution to be presented at the Board meeting for final approval.

Resolution Authorizing the CEO to Issue a Capital Fund Bridge Loan Commitment to Elizabeth Street Apartments, LLC for an amount not to exceed $1,400,000
There was a discussion of why the funds were required and the negative impact that it would have on the project if these funds are not available. The Development Committee approved for the resolution to be presented at the Board meeting for final approval.

Review and Approval of April 20, 2021 Minutes
The April 20, 2021, Resident Services Committee meeting minutes were approved with motion by Commissioner Glenn and seconded by Commissioner Hudgins.
Resident Services Updates

Marcus K Clark Resident Service Director reported that the Durham Housing Authority Resident Services Department focuses on six key areas of service programming. Service areas include Food and Nutrition, Employment and Education, Health and Wellness, Aging in Place, Computer Literacy and Community Engagement and enrichment. Resident Services staff works directly with residents in these areas to reach personal goals or meet specific challenges.

Mr. Clark reported the following to the board during the Resident Services Committee report.

Computer Literacy: Kramden Institute provided laptops to fifteen (15) seniors who enrolled in the basic computer literacy class. The on-line class will begin the week of May 17th, 2021. Kramden Institute provides technology tools and training to bridge the digital divide across the state of North Carolina.

Additionally, fourteen (14) Jobs Plus participants are currently enrolled and taking the Digital Literacy Course offered by Kramden Institute.

Health and Wellness: Seven (7) of our senior ROSS DHA residents will go strawberry picking at the end of the month. Duke Memorial United Methodist church is providing transportation along with volunteers. This is the seventh year that senior residents have participated in this activity. Participation numbers were very limited this year due to the COVID-19 pandemic.

The Durham Community Engagement Division applied for and was awarded a grant for PPE supplies for seniors in underserved communities. The grant included two of our DHA properties 519 East Main and Forrest Hill Heights. The PPE distribution is scheduled for 519 East Main on Thursday, May 20, 2021, from 2-3 pm. Forest Hills giveaway will be held on May 27, 2021, from 2-3 pm.

Twenty-nine residents received their second dose of the COVID-19 vaccination on May 8th, 2021. The vaccination was administered by Communities Vaccination Outreach.

Community Engagement and Enrichment: The residents of Hoover Road in a partnership with: The Durham Rotary Club, the NC Cooperative Agriculture Extensions, the Durham Housing Authority, and the Durham Congregations, Associations, and Neighborhoods held a Community Garden Installation Day on May 8th, 2021. The event was a success with more than 20 residents and community partners in attendance. The Hoover Road Community Garden will be open and inclusive for every resident of Hoover Road. The Garden Club leadership will be led by resident Sherry Lawrence with support from members from Durham CAN, with ongoing technical support from the NC Cooperative Agriculture Extensions Office and Duke University Department of Sustainability. (Pictures found at the end of report)
Employment and Education: A Health Care Career Forum was held on May 5th, 2021 at the TA Grady Community Center for the Jobs Plus participants. The forum covered trending positions, training and education and a question-and-answer session. Thirteen (13) JP participants attended.

Media: The garden at Preiss Steele Place made the local news. The story featured a resident of Preiss Steele, Deborah Richardson on WRAL news. Article and video link found below.

New community gardens in Durham aimed to improve accessibility to healthy food options.

Posted May 3, 2021 5:42 p.m. EDT.
Updated May 4, 2021 5:50 p.m. EDT.

By Lora Lavigne, WRAL Durham reporter

DURHAM, N.C. — A community effort in Durham is planting seeds of opportunity by working to improve the availability of fresh food and physical skills for seniors.

“It’s wonderful. I love coming out here,” Deborah Richardson said Monday as she picked plants in the new community garden at Preiss Steele Place, a Durham Housing Authority apartment complex for senior citizens and disabled residents. Richardson, who has lived at Preiss Steele Place for almost 10 years, said access to healthy food is limited in the neighborhood. A conversation with a community organizer dropping off food for residents during the pandemic helped change that.

“I think gardens offer a lot of opportunity for people to understand that they can be producers rather than dependent consumers of food,” said Rebecca Hoeffler, a sustainability coordinator at Duke University who took food and supplies to several DHA properties during the pandemic.

“Being able to grow your own food is something that feeds you so much more than just eating food,” Hoeffler said.

She worked for months to get a $6,000 grant from the Southwest Durham Rotary Club to install gardens across four sites. Including DHA's Hoover Road complex and at locations run by nonprofits Volunteers of America and Slice 325. Slice 325 is an education, nutrition and learning center, while Volunteers of America transitional housing for veterans.

There’s something that is so magical about seeing a child get excited about dirt and soil and worms," Hoeffler said. "Knowing that they can eat food that they grow really is really the best thing."

“Fresh food better than canned goods sometimes,” Richardson agreed.
Mr. Clark reported the following program numbers for the month of April.

**Program Numbers (as of 5/7/2021):**

**Resident Opportunity Self Sufficiency** Seniors and Disabled Individuals (ROSS): 81

*Increase of **17** participants since last committee report.*

**Resident Opportunity Self Sufficiency** Individuals and Family (ROSS): 52

*Increase of **11** participants since last committee report.*

**Family Self Sufficiency** (FSS): 126 total participants 86 HCV/ 40 PH

**Jobs Plus:** 61 participants

*Increase of **34** participants since last committee report.*

Commissioner Webb-Bledsoe commended Mr. Clark and his staff on an excellent report and a job well done. Mr. Clark attributed the increase of participants in the various programs to the team of the Resident Services Department who are very knowledgeable and are committed to getting the job done.

Based on the new guidance on child tax credits this year, Commissioner Glenn asked if it was possible to have some sort of engagement with residents to assist them in filing their returns. His concern was fraudulent tax filers who are taking advantage of people. Mr. Clark responded that their department is willing to educate and empower residents to make smart decisions that benefit their families in the best way possible.

Mr. Clark also reported on the status of the Resident Councils. He stated that Melvin Green, Program Manager has held three zoom calls since January for all properties. Resident engagement has been low. The meetings have had an average of four people attending them. Due to the covid numbers decreasing, the department is planning to go out to the communities sometime in June and have face to face discussions with the residents regarding this. Mr. Clark thanked Commissioners Webb-Bledsoe, Lucas, and Holmes for being a part of these meetings.

Commissioner Lucas thanked Mr. Clark and staff for an awesome report this month.

**Adjourn**

There being no further business, the meeting was adjourned at approximately 2:25 p.m. The next Committee meeting is scheduled for June 15, 2021.

Review and Approval of the Meeting Minutes

The April 20, 2021, minutes were approved.

STRATEGIC MANAGEMENT
Mr. Scott reported that Ashanti Brown, Director of Strategic Management had a family emergency and would not be in attendance at the meeting. She had intended to provide a presentation on DHA’s rent collection policy and procedures and will do so at the Board meeting on Wednesday instead. Ms. Brown has had a series of meeting around our rental collection policy that included community stakeholders and advocates, as well as residents to gain their input. Ms. Brown will bring those recommendations for CEO review and then it will be presented to the Board. Ms. Brown’s planned presentation was to give the board an overview of the current policy and procedures around rent collection so that the Board would be clear and on the same page as to the current policy and procedures. This report will also make the important distinction between policy versus procedure. It will be a good overview and will give the board excellent good, solid foundation will allow for subsequent feedback and/or comments will be incorporated.

Mr. Scott also stated that HUD announced that they are going to restart the REAC inspections or the INSPIRE inspections. These are two different types of inspections that HUD does and DHA will be under the INSPIRE protocols. HUD would provide a 28-day notice which is two weeks more than they normally do. They have identified or lowest scoring properties for inspection. Staff is in the process of preparing those properties for inspection.

Mr. Scott report that the Agency was unsuccessful in the Moving to Work (MTW) application. DHA has another opportunity which is considered Cohort #4. Cohort #4 focuses on landlord incentives through the housing voucher program. There is a probably a stronger chance in obtaining this because there has been a lot of work done with respect to the landlord and DHA relationship.

ADMINISTRATION
During the month of April there were 31 vacant positions and 25 were occupied by temporary workers. There was one (1) separation and no new hires. There were no separations and three (3) new hires. Activities around filling the vacant positions are as follows:

**Development**
Advertised for the Capital Fund Program Manager

**Administration**
An offer has been made to a Resident Safety Specialist candidate.

**Emergency Safety & Security**
Ms. Sinegal reported that we would be applying for the FY2021 Emergency Safety & Security Grant for the Cornwallis community. DHA also applied in FY2020, but we have not heard back.

Each year, Congress sets aside funds within the Capital Fund appropriation to fund emergencies and natural disasters. Within the set aside, Congress may direct specific funding to aid PHA’s for emergency capital needs for safety and security to address crime and drug-related activities. Examples of eligible uses include security cameras, fencing, lighting, emergency alarm systems, window bars, deadbolts, and doors.

DHA is applying for the grant this year just as it has in previous years. If awarded DHA will use the $250,000 for additional cameras and lighting at the Cornwallis community. Applications are selected through a lottery system. Deadline to apply is June 2, 2021.

Commissioner Glenn asked that the Banks Law Firm to review the application prior to submission.

**SAFETY**
Mr. Lyon reported the following:

Mr. Lyon attended community events, meetings and has maintained constant communications with DHA property managers and the Durham Police Department’s Community Engagement Units. Mr. Lyon mentioned some of the exchange of information shared on items affecting our communities. He also mentioned incident reports received from DPD and how a backlog had occurred, causing a delay in receiving reports this month.

Mr. Lyon went over the process of the Lease Enforcement Tracking Form. He noted how he receives, reviews, and makes recommendations on incident reports received from DPD and passed them on to management for their actions and the results. Mr. Lyon mentioned that there has been an uptick in simple assault and intimidation cases.

**Durham Gun Safety Committee**
Discussions were centered around the number of children being shot by guns in the home, and how this could be prevented. Possible preventive measures are gun storage and gun locks. Mr. Lyon told the Operations committee about the number of people being shot by stolen guns in Durham, as reported by DPD. Discussion was had concerning mounting a campaign to address this issue.

The Salvation Army Boys & Girls Club

Durham County’s Bull City United
There is a desire to expand their efforts in Liberty Street, Oxford Manor and Cornwallis Road communities. Mr. Lyon stated that he spoke with the Property Managers about the possibility. Bull City United would like to have units with multiple rooms, to provide better services. Mr. Lyon made the committee aware of BC United plans to host a Safe Summer Tour, which will take place in some of our communities, beginning June 18, 2021.

There was a 10-year term for the Housing Assistance Payments (HAP) contract for this development, which has since expired effective April 2019.

The HCVP department conducted two Informational Sessions with Life House residents on April 22nd via Zoom and Conference Call. The upcoming transition from project-based voucher to tenant-based voucher housing assistance was explained, all tenant options were presented, and questions answered.

The department is currently in the process of collecting all required documentation from all 21 residents in order to move forward with voucher issuance. The Life House of Durham waiting list was closed on 12/31/2020 (no new applicants since this time). In addition, all applicants on the

This waiting list will soon be purged and refreshed to account for all applicants who have responded to the Update Notice. An In-Person orientation session will be held on site at Whitted School on May 19th at 11 am, in order to facilitate a shorter turnaround time for new lease-up activity.

Resident Safety Operations
Resident Safety Operations primary functions include providing residents with crime prevention measures to improve community safety. The Resident Safety team educates residents on safety topics during the Resident Council meetings, performs training to the Resident Patrol and Floor Captain leaders at the high-rise communities, maintain the Trespass List and issue Trespass Notices to persons that are banned from the property for violent and disruptive behavior. They also investigate and record criminal activities happening at the sites and attend monthly pertinent meetings as it relates to the agency’s overall goals and objectives.

Charles Lyon received and distributed weekly crime stats on Calls for Services and Incidents occurring on Durham Housing Authority properties to our DHA management team and had communications with our property managers. DPD also provided police reports, crime alerts and breaking news.

Crime Prevention Through Environmental Design (CPTED) assessments were addressed.

Mr. Lyon along with Ed Bigelow, DHA Fraud Manager, and Sabrina Sinegal, Director of Administration collaborated on a grant for $250,000 for additional cameras at the Cornwallis Road community. The grant will be submitted in June. Management is looking at some other issues related to that area.

Mr. Lyon attended the Durham County Local Emergency Planning Committee, Durham County Gun Safety Committee and The Salvation Army Boys & Girls Club meetings. Mr. Lyon also attended the Durham County Local Emergency Planning Committee via ZOOM. At this meeting, discussion was held regarding the spilling and disposal of HAZMET material and preparation for the upcoming hurricane season. Information was distributed to staff.

DPD’s Community Engagement Units also continued in their efforts and direct support to DHA by confronting issues in DHA communities. They worked directly with our residents and property management. This month, they were instrumental in identifying and shutting down, what could have been a possible major situation in one of our neighborhoods. Mr. Lyon also continued to patrol DHA communities.

Durham County Gun Safety Committee meeting’s main discussions centered around the number of children being shot in their homes and how this could be prevented. The talks also mentioned gun storage in the home and the accessibility of guns. There was follow up conversation about new information brochure before public release. It was noted that several cities around the state wanted information on the DCGSC committee and its evolution. The purpose is to establish their own. Gun lock distributions in the Durham community was also discussed.

Durham County Bull City United has a desire to expand programs and units/apartments for their operations in our DHA communities. Cornwallis Road, Liberty Street and Oxford Manor are our target communities. There were conversations about a Safe Summer Tour kicking off in June which would include some of our communities.
**Fraud/Security**

*Fraud/Security* primary functions include: advising and facilitating installation, control and monitoring of surveillance, burglar alarm, and access control systems; conducting internal/external investigations using data information and field surveillance (referrals and calls from the Fraud Tipline based on unauthorized tenants, unreported income, criminal activity, and landlord violations; collecting fraud recovery for HCVP and collection losses for PH; assists and verifies interpretation of criminal offenses when using eligibility standards; monitor DHA central office parking lot for violators; and assist with applicant/tenant hearings, as needed.*

**Fraud Recovery/Collection Loss**

Mr. Bigelow collected $3,171.28 in Fraud Recovery/Collection Loss monies. He received 6 collection loss inquiries.

**Investigations/Access Controls**

Mr. Bigelow is investigating 7 fraud referrals. Assisted DPD Investigator with vandalism investigation. Issued 6 new access cards 6 parking decals. Assisted Property Manager with implementation of video camera systems at two sites.

**Number of Compliant Calls**

Mr. Bigelow logged three (3) new complaints (closed 2) in May 2021.

DURHAM HOUSING AUTHORITY

MEMORANDUM

TO: Board of Commissioners
FROM: Anthony Scott, Chief Executive Officer
DATE: June 23, 2021
SUBJECT: Resolution to Extend and Amend the Adopted COVID-19 Statutory & Regulatory Waivers Provided by HUD

I. STATEMENT OF ISSUE

The Housing Authority of the City of Durham (“DHA”) has elected to take certain Statutory and Regulatory waivers offered by the United States Department of Housing and Urban Development (“HUD”) to provide administrative flexibilities and relief to Public Housing and HCV programs in light of restrictions that may exist due to the novel coronavirus, and the disease it causes, COVID-19. These previously adopted waivers are being amended to extend the availability periods authorized by HUD, and to additional waivers based on PIH Notice 2020-33.

II. BACKGROUND

An outbreak of a respiratory disease caused by a novel (new) coronavirus has been detected in over 200 countries and territories worldwide, including the United States. The virus has been named “severe acute respiratory syndrome coronavirus” (SARS-CoV-2), and the disease it causes, Coronavirus Disease 2019 (COVID-19) was declared a global pandemic on March 11, 2020 by the World Health Organization, and declared a national emergency by the President on March 13, 2020.

On March 25, 2020 the Mayor of the City of Durham issued a Stay At Home order to suppress the spread of the virus. On March 27, 2020 the Governor of North Carolina announced a Stay At Home order for the State of North Carolina.

Prior to the enactment of these Stay at Home orders, and following the declaration of the national emergency, DHA began taking steps to modify its operations, and limit public contact to slow the spread of the virus.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law by the
President. It gave HUD the authority to waive some of its statutory and regulatory requirements.

On April 10, 2020, HUD issued PIH Notice 2020-05, indicating which statutory and regulatory requirements it would waive for Public Housing Authorities (PHAs). These waivers provide administrative flexibilities to PHAs in response to the COVID-19 national emergency. Use of these waivers are at the discretion of the PHA.

On July 2, 2020, HUD issued PIH Notice 2020-13 extending the availability period for the waivers, and authorizing additional waivers.

On November 30, 2020, HUD issued PIH Notice 2020-33 extending the availability period for the waivers, and authorizing additional waivers.

On May 4, 2021, HUD issued PIH Notice 2021-14, which superseded PIH Notices 2020-05, 2020-13, and 2020-33 and provides extended availability periods and additional waivers.

With these waivers DHA endeavors to ensure that families can remain in their homes, to continue to provide assistance to additional families in need of housing assistance, and to conduct critical operations safely.

Exhibit A is a document listing the HUD waivers DHA previously adopted with modified availability periods, and additional waivers the PHA would like to adopt.

III. RECOMMENDATION

HUD COVID-19 Program Waivers

Purpose
When the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law by the President on March 27, 2020, it gave The United States Department of Housing and Urban Development (HUD) the authority to waive some statutory and regulatory requirements.

On April 10, 2020, HUD issued PIH Notice 2020-05, indicating which statutory and regulatory requirements it would waive for Public Housing Authorities (PHAs). These waivers provide administrative flexibilities to PHAs in response to the COVID-19 national emergency. Use of these waivers are at the discretion of the PHA.

This is notification of what waivers the Durham Housing Authority (DHA) is using or plans to use under the authority it was given in PIH Notice 2020-05. DHA intends to use flexibilities at its discretion in order to limit in-person contact, and to continue essential processes to provide housing assistance that support the health and safety of DHA residents, program participants, staff, and others during the coronavirus pandemic.

In PIH Notice 2020-13 published on July 2, 2020, and in PIH Notice 2020-33 published on November 30, 2020, HUD provided additional waivers, and extended the periods of availability for the initial waivers which DHA’s Board of Commissioners adopted and approved on December 21, 2020. On May 4, 2021 HUD provided additional waivers and extensions for some waivers in in PIH Notice 2021-14. These updates are captured in this revision. The information contained in this document may change without notice as HUD provides additional guidance and as the local conditions change.

An outbreak of a respiratory disease caused by a novel (new) coronavirus has been detected in over 200 countries and territories worldwide, including the United States. The virus has been named “severe acute respiratory syndrome coronavirus” (SARS-CoV-2), and the disease it causes, Coronavirus Disease 2019 (COVID-19) was declared a global pandemic on March 11, 2020 by the World Health Organization, and declared a national emergency by the President on March 13, 2020.

On March 25, 2020 the Mayor of the City of Durham issued a Stay At Home order to suppress the spread of the virus. On March 27, 2020 the Governor of North Carolina announced a Stay At Home order for the State of North Carolina.

DHA endeavors to ensure that families can remain in their homes, to continue to provide assistance to additional families in need of housing assistance, and to conduct critical operations safely.

On the following pages you will find tables indicating what waivers DHA adopted with the issuance of PIH Notice 2020-05. Some liberties were taken in the interest of public health, and in an effort to comply with local and state orders prior to the issuance of this notice.

Guidance on how these waivers will be put into effect will be issued by the relevant program and/or department.
